The Conference

BioHydrology is a comprehensive and broad conference that unites research of the disciplines biology, ecology and hydrology.

Despite a profound background within the different disciplines there is a lack of knowledge concerning the interactions between the systems. Therefore the BioHydrology conference offers a platform for specialists to exchange their expertise.

In May 2013 the 3rd BioHydrology Conference will take place in Landau / Pfalz (Germany) after 2006 in Prague (Czech Republic) and 2009 in Bratislava (Slovakia).

The conference focuses on the interaction between biological and hydrological systems, including positive impacts such as water harnessing and flood mitigation, and negative aspects including threats to food production, water repellency and environmental degradation through unsustainable land use practices.

The BioHydrology Conference traditionally has a very international character, starting with the steering committee and the invited speakers to the already received registrations of participants of universities and research institutes all around the world.

We cordially invite you to present your company in an exhibition.

You produce or distribute ...

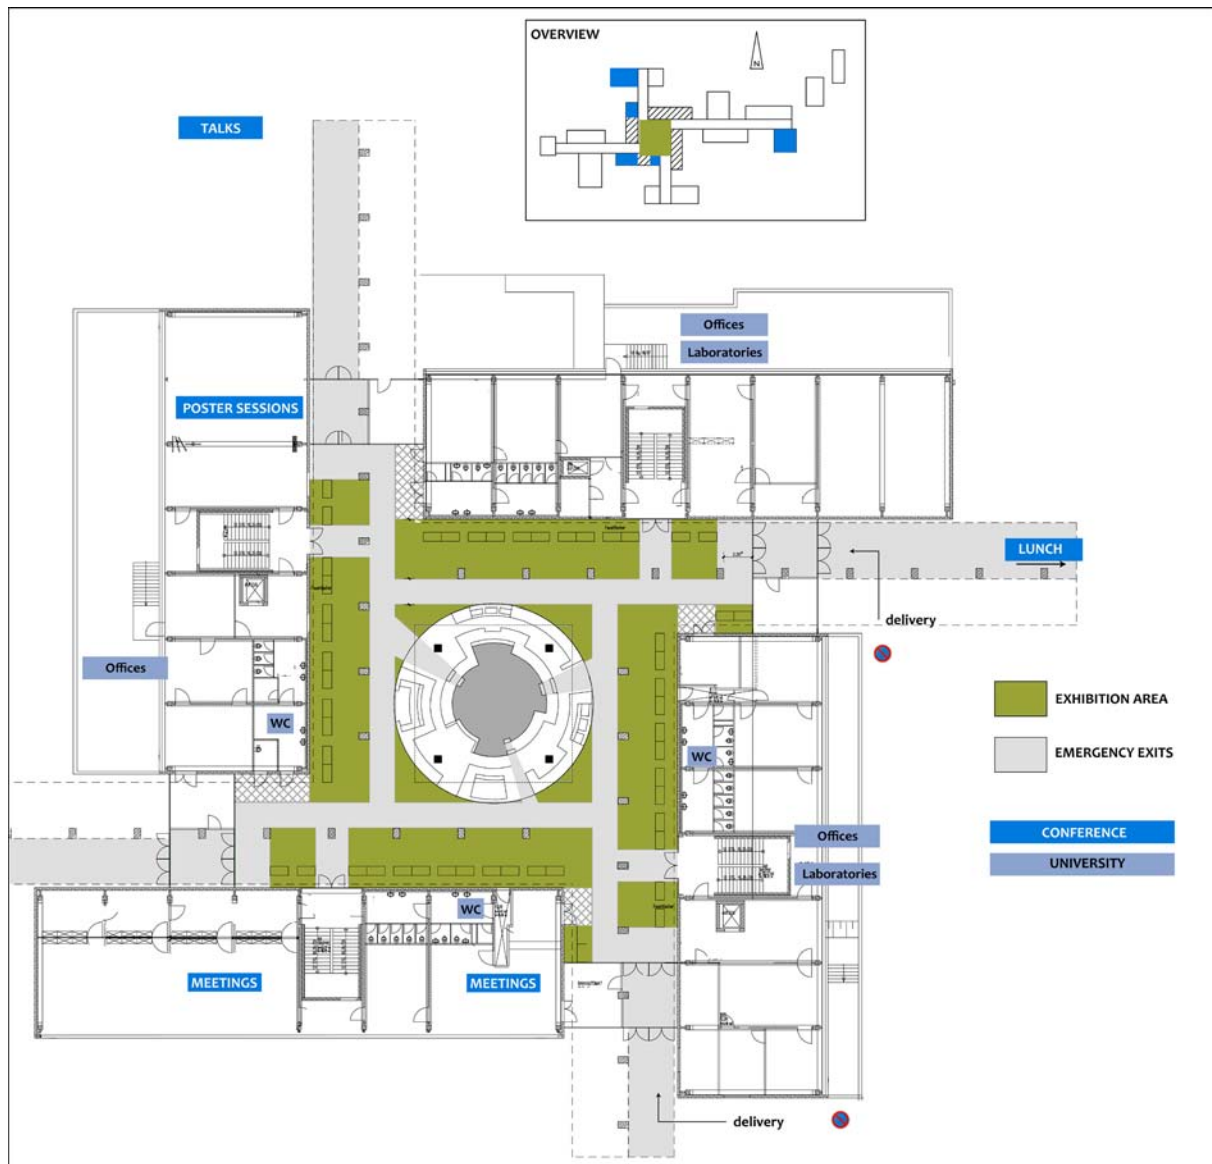

- ... Laboratory equipment
- ... Technical devices for laboratories and outdoor
- ... Service (e.g. lab analyses, publications, ...)
- ... Academic literature
- ... Software
- ...

and are interested to display yourself to a broad and international scientific audience, please contact us.

Keywords (selection)

aquatic systems; biodiversity; biofilms; biology; chemistry; climate change; crop production; drought; ecology; energy, engineering; experiments; greywater; hydrology; interactions; interfaces; land-water ecosystems; modelling; physics; processes; scales; sediments; soil; water security; ...

The Exhibition

The exhibition area is situated in the atrium where all paths of the conference meet and where the coffee breaks will be held.

The atrium is surrounded by laboratories and offices of scientific and technical staff of the University of Koblenz-Landau, mainly from the disciplines environmental and soil chemistry, environmental physics, environmental sciences, ecotoxicology, and genetics.

Therefore we ensure a direct contact with existing and new customers.

Stand Opportunities

BASIC:

- Tables as necessary and stand size (table size: approx. 1.8 x 0.7m)
- 2 chairs
- Power supply (230V) (without power distribution)
- Internet (W-LAN)
- Exhibitor passes
- Company logo on conference web site (will stay on-line for at least one year after conference)
- Admission to conference coffee breaks (cold & hot beverages, snacks)
for up to two persons (vouchers for lunch can be purchased on-site)

Fee: € 7.50 per m² and day

(Example: 6m² space for the full conference € 180 VAT)

DOUBLE:

- As aforementioned

In addition:

- Company logo and linkage on conference web site with acknowledgement as sponsor (will stay on-line for at least one year after conference)
- Advertisement in the final program and acknowledgement as sponsor
(1 full page, multicolour)

Fee: € 15.00 per m² and day (at least 3 conference days, at least 6m²)

(Example: 6m² space for the full conference € 360)

The stand size is variable. You can bring your own booth. Please consult us in good time before the conference starts.

CONTACT:

Martin Alt, Institute for Environmental Sciences, University of Koblenz-Landau

E-Mail: alt@uni-landau.de; mail@biohydrology2013.de

- Registration for Exhibitors -

Binding registration for the BioHydrology 2013 Conference in Landau/Pfalz:

BASIC (€ 7.50/m²/day)

Days: 21.5. 22.5. 23.5. 24.5.

Exhibition space: _____ m²

Required tables (1.8 x 0.7m): _____

Own booth system: ___ m x ___ m = _____ m² (after consultation)

Participant 1 (Name, Surname): _____

Participant 2 (Name, Surname): _____

DOUBLE (€ 15.00/m²/day)

Days: 21.5. 22.5. 23.5. 24.5. (at least 3 days)

Exhibition space: _____ m² (at least 6m²)

Required tables (1.8 x 0.7m): _____

Own booth system: ___ m x ___ m = _____ m² (after consultation)

Participant 1 (Title, Name,): _____

Participant 2 (Title, Name): _____

For Booking or Cancellation:

Email: mail@biohydrology.de OR Fax: +49-(0)6341-280 31576; subject „Exhibition BioHydrology“
